Supreme

The latex-free Supreme is the ideal compression bandage and used widely in orthopedics and sports medicine. Due to its consistent stretch and high compression it is also well suited for athletic injuries and is preferred by athletic trainers worldwide. Durable and resilient, these bandages hold up against laundering, sterilization, bodily fluids, creams and gels. These bandages are individually wrapped and secured with elastic stretch clips.

Part Number	Width & Length	Packaging
71250	2" x 5 yds. stretched	10/bx, 5 bx/cs
71350	3" x 5 yds. stretched	10/bx, 5 bx/cs
71450	4" x 5 yds. stretched	10/bx, 5 bx/cs
71650	6" x 5 yds. stretched	10/bx, 5 bx/cs
71410	4" x 10 yds. stretched	10/bx, 5 bx/cs
71610	6" x 10 yds. stretched	10/bx, 5 bx/cs

Our Midlastic is a retail-quality, latex-free woven elastic bandage. It offers consistent compression and support and is a good choice for the treatment of sprains and strains. The Midlastic is able to withstand laundering and will hold up to repeated usage. It matches the construction of wraps you would find at any pharmacy or grocery store. The Midlastic helps prevent recurring injuries to weakened joints and holds dressings in place with compression. Individually wrapped in plastic and secured with elastic stretch clips.

Midlastic

Part Number	Width & Length	Packaging
72250	2" x 5 yds. stretched	10/bx, 5 bx/cs
72350	3" x 5 yds. stretched	10/bx, 5 bx/cs
72450	4" x 5 yds. stretched	10/bx, 5 bx/cs
72650	6" x 5 yds. stretched	10/bx, 5 bx/cs

Valuelastic

Valuelastic is an economy grade, general-use latex-free elastic bandage. The woven construction and cotton yarns offer a better value to polyester knitted bandages on the market which fall apart after a limited use. The balanced stretch and compression assist with the treatment of minor strains and sprains along with securing splints and hot/cold packs. These bandages are individually wrapped and secured with aluminum clips.

Part Number	Width & Length	Packaging
73250	2" x 5 yds. stretched	10/bx, 5 bx/cs
73350	3" x 5 yds. stretched	10/bx, 5 bx/cs
73450	4" x 5 yds. stretched	10/bx, 5 bx/cs
73650	6" x 5 yds. stretched	10/bx, 5 bx/cs
73410	4" x 10 yds. stretched	10/bx, 5 bx/cs
73610	6" x 10 yds. stretched	10/bx, 5 bx/cs

Supra-Grip

The controlled stretch in the Supra-Grip provides support that is consistent and firm for applications requiring dependable tension. No clips, tape or pins are necessary to secure this latex-free premium knitted elastic bandage. Use Supra-Grip where maximum compression and the easy convenience of a hook and loop closure is required. It is individually wrapped and secures with a 1" Velcro start strip and a 2" Velcro closure.

Part Number	Width & Length	Packaging
90250	2" x 5 yds. stretched	10/bx, 5 bx/cs
90350	3" x 5 yds. stretched	10/bx, 5 bx/cs
90455	4" x 5.5 yds. stretched	10/bx, 5 bx/cs
90655	6" x 5.5 yds. stretched	10/bx, 5 bx/cs
90411	4" x 11 yds. stretched	10/bx, 5 bx/cs
90611	6" x 11 yds. stretched	10/bx, 5 bx/cs

Convenient and economical, the latex-free Techno-Grip offers reinforced support in a high quality compression bandage. Users can fasten the Velcro flap (T attachment) anywhere on this wrap. The bandage stays in place without tape, pins or clips. It is ideal for securing applications or where strong compression and support are required. The individually wrapped Techno-Grip may also be used in the treatment of sprains, torn ligaments, and varicosities.

Techno-Grip

Part Number	Width & Length	Packaging
91250	2" x 5 yds. stretched	10/bx, 5 bx/cs
91350	3" x 5 yds. stretched	10/bx, 5 bx/cs
91450	4" x 5 yds. stretched	10/bx, 5 bx/cs
91650	6" x 5 yds. stretched	10/bx, 5 bx/cs

Le Roy

Frequently used as handwraps for combat sports, the Le Roy is a mild compression bandage that provides firm support without the use of rubber yarns. This economy-grade, latex-free bandage offers a transition between compression and short stretch bandages. Its low compression reduces the chance of constriction. The Le Roy is individually wrapped and secured with elastic clips.

Part Number	Width & Length	Packaging
74255	2" x 5.5 yds. stretched	10/bx, 5 bx/cs
74355	3" x 5.5 yds. stretched	10/bx, 5 bx/cs
74455	4" x 5.5 yds. stretched	10/bx, 5 bx/cs
74655	6" x 5.5 yds. stretched	10/bx, 5 bx/cs
74411	4" x 11 yds. stretched	10/bx, 5 bx/cs
74611	6" x 11 yds. stretched	10/bx, 5 bx/cs

Lymphedema Care Products

Gentle Band™

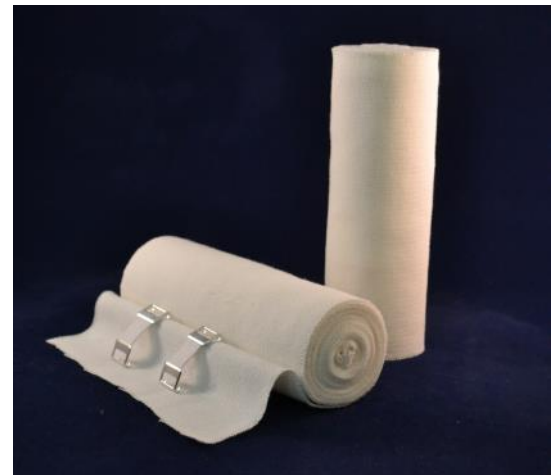

The latex-free Gentle Band™ is a 100% cotton bandage. It is durable, re-usable and will hold up to daily usage for the treatment of lymphedema, edema, venous-stasis ulcers along with minimizing post-surgical swelling. These premier products secure with elastic clips and conserve shelf space using our dispenser boxes.

Part Number	Width & Length	Packaging
530450	4 cm x 5 m	10/bx, 5 bx/cs
530650	6 cm x 5 m	10/bx, 5 bx/cs
530850	8 cm x 5 m	10/bx, 5 bx/cs
530105	10 cm x 5 m	10/bx, 5 bx/cs
530125	12 cm x 5 m	10/bx, 5 bx/cs
5301010	10 cm x 10 m	10/bx, 5 bx/cs
5301012	12 cm x 10 m	10/bx, 5 bx/cs

Über-Wrap™ is woven with comfortable short stretch construction. This German-made bandage is well-suited for numerous applications. Whether as an over-wrap to reinforce our Gentle Band™ or for treating traumatic edema and sport injuries, this bandage helps reduce swelling & discomfort. Conveniently sealed in a plastic sleeve for easy transport and storage. Latex-free with two stretch clips.

Über-Wrap™

Part Number	Width & Length	Packaging
530155	15cm x 5 m	Available in individual units or cases of 200
530205	20 cm x 5 m	Available in individual units or cases of 140

The Gentle Foam™ is our newest product offering. Made in the Germany, this latex-free, open cell porous foam bandage roll is used as a padding layer beneath the Gentle Band™. Soft, durable, and comfortable, this is an ideal product for Complete Decongestive Therapy. Conveniently packaged in an individual box for easy transport and storage. Both sizes are .4 m thick.

Gentle Foam™

Part Number	Width & Length	Packaging
530102	10 cm x 2 m	Available in individual boxes or a case of 12
530122	12 cm x 2 m	Available in individual boxes or a case of 12

Gentle Padding

The Gentle Padding nonwoven felt roll is one of the newest products in our Lymphedema Care line. Made in the USA, this all polyester padding is designed for comfort. Durable and soft against the skin, Gentle Padding functions best when paired with our Gentle Band short stretch bandages. Each roll is individually-wrapped and non-sterile.

Part Number	Width & Length	Packaging
530103	10 cm x 3 m	Available in individual boxes or a case of 30
530153	15 cm x 3 m	Available in individual boxes or a case of 22

The PolySoft stockinette is another new addition to our Lymphedema Care product line. Intended as a base layer, this circular knit stockinette provides adequate stretch to cover the arms, legs, and trunks of patients. Boxed in 25 yard lengths for easy dispensing and custom cuts.

PolySoft

Part Number	Width & Length	Packaging
30225	2" x 25 yds.	1 roll/box
30325	3" x 25 yds.	1 roll/box
30425	4" x 25 yds.	1 roll/box
30625	6" x 25 yds.	1 roll/box
30825	8" x 25 yds.	1 roll/box
30925	10" x 25 yds.	1 roll/box

Ankle Brace

The elastic ankle support is a lightweight and comfortable compression brace, offering the wearer a full range of motion. A durable contour design and stretch polyester provides circular compression without slipping. These braces keep ankles warm and insulated while maintaining support and stability to stiff, weak and swollen joints. It can be worn day and night and fits easily inside a shoe. These products contain natural rubber latex. Available in black or tan.

Part Number	Size	Limb Circumference	Packaging
61001-A	Small	11" - 12"	120 units/cs
61002-A	Medium	12" - 13"	120 units/cs
61003-A	Large	13" - 14"	120 units/cs
61004-A	Extra Large	14" - 15"	120 units/cs

Our lightweight compression knee brace offers the wearer a full range of motion for treating minor sprains and strains. The contour design and stretch polyester provides flexibility along with circular compression which helps prevent the elastic support from slipping. These braces keep joints warm and insulated while maintaining even support and stability to stiff, weak, and swollen knees. It can be worn day and night and fits easily beneath comfortable pants. These products do contain natural rubber latex. Available in black or tan.

Knee Brace

Part Number	Size	Limb Circumference	Packaging
61005-A	Knee Small	13" - 14"	100 units/cs
61006-A	Knee Medium	14" - 16"	100 units/cs
61007-A	Knee Large	16" - 18"	100 units/cs
61008-A	Knee Extra Large	18" - 20"	80 units/cs

Elbow Brace

The elastic elbow support is lightweight and durable without slipping, binding and cutting into the arm. Manufactured to provide flexibility, the stretch polyester treats minor sprains and strains using balanced circular compression. These braces keep the elbow warm while offering support and stability to stiff, weak and swollen joints. It will fit either arm and hides easily beneath clothing. Available in black or tan. Contains latex.

Part Number	Size	Limb Circumference	Packaging
61009-A	Elbow Small	7" - 10"	260 units/cs
61010-A	Elbow Medium	10" - 12"	260 units/cs
61011-A	Elbow Large	12" - 13"	260 units/cs
61012-A	Elbow Extra Large	13" - 15"	260 units/cs

Roll Gauze

Polyester yarns gives the latex-free Roll Gauze sufficient stretch to conform to most areas of the body. The bandage is durable and strong, while being soft and comfortable to wear, and the fast woven edges minimize lint and eliminate loose threads. These rolls of conforming gauze function best on extremities and hard to wrap areas.

Part Number	Width & Length	Packaging
80241	2" x 4.1 yds. stretched	12/bg, 8 bg/cs
80341	3" x 4.1 yds. stretched	12/bg, 8 bg/cs
80441	4" x 4.1 yds. stretched	12/bg, 8 bg/cs
80641	6" x 4.1 yds. stretched	6/bg, 8 bg/cs

Similar to our Roll Gauze, the Econogauze is a latex-free conforming gauze bandage that is individually wrapped in plastic. The polyester makes this gauze comfortable while offering consistent stretch. It is ideal for first aid kits and applications where bulk quantities are necessary.

Econogauze

Part Number	Width & Length	Packaging
85241	2" x 4.1 yds. stretched	1,000 rolls/cs
85341	3" x 4.1 yds. stretched	1,000 rolls/cs
85441	4" x 4.1 yds. stretched	500 rolls/cs

We finished our new 300,000 sq. ft. North American manufacturing facility and will be launching a line of traditional wound care products.
